

## Remanufactured Jaguar Harmonic Balancers

Black Dog Manufacturing offers a complete range of Jaguar remanufactured Harmonic Balancers. These are a great alternative to new Harmonic Balancers.

### Product Description

The Remanufactured Harmonic Balancers are a "high quality rebuild" including new rubber. The units are thoroughly tested and balanced on a tester developed by our reman facility. A rebuildable Harmonic Balancer core is required on an exchange basis.

### Features & Benefits

- Available from stock so there is no down time waiting for rebuild
- A fraction of the cost of new
- Meets or Exceeds OE Specs
- Balanced and tested at the time of rebuild
- 12 month warranty

### Part# & Application

*Harmonic Balancer 7" O.D.*

- Single Groove Vbelt Pulley
- Center Hole Cone Shape
- 4 Threaded Holes on front to mount 2 additional Vgroove pulleys

**EAC4050R** - XJ6 1968-1987 4.2 Motor

### Part# & Application

*Harmonic Balancer 6 3/4" O.D. | 1 3/4" I.D.*

- 4 Groove Serpentine Pulley
- 4 Threaded Holes on back to mount timing ring
- 4 Threaded Holes on front to mount additional Vbelt pulley

**EAC7005R** - XJ6 1988-1989 3.6 Motor with 90amp alternator

*Harmonic Balancer 6 3/4" O.D. | 1 3/4" I.D.*

- 4 Groove Serpentine and Single Groove Vbelt Pulleys
- 4 Threaded Holes on back to mount timing ring

**EBC1441R** - XJ6 1990-1992 | XJS 1992-1996 4.0 Motor

*Harmonic Balancer 6 3/4" O.D. | 1 3/4" I.D.*

- 5 Groove Serpentine and Single Groove Vbelt Pulleys
- 4 Threaded Holes on back to mount timing ring

**EBC9618R** - XJ6 1993-1994 | XJS 1993-1996 4.0 Motor
